This custom tour combined the islands of Sumatra and Bali (before moving on to the Lesser Sundas for some of us). We began in the lowland forests of Way Kambas in the south of Sumatra where highlights included Sumatran Babbler, Cinnamon-headed Green Pigeon and a fine selection of Sundaic lowland species with Rufous-collared and Banded Kingfisher, Black-thighed Falconet, Malayan Crested Fireback, and Malayan Banded Pitta the highlights. Night-birding here was typically rewarding and we managed a haul that included Bonaparte’s Nightjar, Oriental Bay Owl, Sunda and Reddish Scops Owl, Gould’s, Sunda and Large Frogmouth. Transferring to the magnificent Mount Kerinci heralded much more challenging birding but is home to many of Sumatra’s most enigmatic endemics and in three days we saw all we expected; Schneider’s Pitta, Sumatran Cochoa, Salvadori’s Pheasant, Red-billed Partridge, Rusty-breasted and Sumatran Wren Babbler, both whistling thrushes, Sumatran Trogon and Sumatran Frogmouth plus other desirables like Rajah Scops Owl, Salvadori’s Nightjar, Barred Eagle Owl and Pink-headed Fruit Dove. We finished our time on Sumatra with much more relaxed birding along the Tapan road where the highlight was arguably not a bird but the Sunda Clouded Leopard that wandered along the road in the early morning. Avian highlights included four fancy endemic bulbuls (Sumatran, Cream-striped, Spot-necked and Orange-spotted), Sumatran Treepie, Sumatran Drongo, Blue-masked and the increasingly rare Sumatran Leafbird, Marbled Wren Babbler and a fantastic Graceful Pitta encounter.
We finished with a pleasant few days on Bali where the mountains produced the dull but highly desirable Javan Bush Warbler and Indonesian Honeyeater, whereas in the lowlands we found the striking Javan Banded Pitta and two extreme rarities; Bali Myna and Black-winged Myna.

After meeting up in Jakarta we began the tour with a short flight across the water to southern Sumatra and a drive across to Way Kambas National Park, a productive area of logged-over forest and swamp where we would spend the next 2 ½ days. Most of us had birded the Sundaic lowlands previously so we were happy to concentrate on previously missed species while enjoying the general mix of species. Even in the heat of the day we became familiar with some of the commoner birds plus Banded Bay Cuckoo and circling Grey-headed Fish Eagles, with confiding Red Muntjak along the access road. When the midday heat subsided a little we ventured out again along the track in the afternoon finding some common lowland species like Common Hill Myna, Green Iora, Fiery Minivet, Lesser Green Leafbird, Buff-necked Woodpecker and a cute pair of Grey-and-buff Woodpeckers with their disproportionately large heads. A Peregrine flew over and a noisy group of Bushy-crested Hornbills entertained us, plus we scored two of our targets - a smart Banded Woodpecker and confiding Grey-chested Jungle Flycatcher.

As night fell the most bizarre sounds emanating from the nearby forest alerted us to a Bonaparte’s Nightjar and after a short wait it transferred to a closer tree giving a performance of more than 30 minutes posing in the ‘scope. It was almost full moon and the forest was very noisy with Sunda Frogmouth, some Reddish Scops Owls
and many Brown Boobooks calling, although only a Sunda Scops Owl was captured in the spotlight before we called it a night.

We were out for a pre-dawn session the next morning, happily adding Reddish Scops Owl and Gould’s Frogmouth, then as daylight arrived another target – Rufous-collared Kingfisher – gave exceptional views before we wandering more along the forest-lined track with a flyover Storm’s Stork, close but brief Malayan Banded Pitta, flashy Diard’s, Scarlet-rumped and Red-naped Trogon, perched Wallace’s Hawk Eagle, Red-bearded Bee-eater, and a large family group of Malayan Crested Firebacks feeding unconcerned in the open. Red-crowned Barbets had been frustrating us with plenty of calling but staying hidden so it was great to finally score in Way Kanan clearing with a cute Black-thighed Falconet perched up there. In the afternoon we boated and walked into the nearby swamps with some nice looks at Malayan Banded Pitta and Malaysian Blue Flycatcher but not much else and the night-birding proved frustrating with several species heard including a pair of Oriental Bay Owls which chose to call the other side of a substantial area of water! Not to be deterred the next morning was much better, starting with an excellent Sunda Frogmouth, then an immense pair of Large Frogmouths swooping overhead several times before perching for cracking views. As it got light we found one of the most unexpected treats of the tour with a couple of pairs of Buettikofer’s Babblers, an rather enigmatic species which is now becoming much better known, and a new species for all including Rob! Other additions for the morning were Black-capped Babbler, Black Hornbill, Red Junglefowl and a female Banded Kingfisher excitedly raising and lowering her crest. Another bird target fell with Rufous-tailed Shama giving fine views. A Ruddy Kingfisher inside one of our rooms at lunch was a good opportunity for close views before it went on its way, then in the afternoon we went once again into the marsh, this time successfully with a close flyby from a pair of Cinnamon-headed Green Pigeons in perfect light.

Our last night-birding session proved rather entertaining with a skittish pair of Oriental Bay Owls leading Rob a merry dance through the dense forest before one finally settled in the torch, and stayed long enough for him to bash back out to the road and lead the group into the darkness for great looks and a brilliant finish to out time there.

**Fire-tufted Barbet & Pink-headed Fruit Dove**

The next day was mostly travel as we made our way back to Bandar Lampung then flew to Padang via Jakarta, from where it was a long, windy, bumpy drive into the mountains of central Sumatra, arriving at our base in the shadow of Mount Kerinci in the evening.

The next morning was a typically early start as we set about our night-bird targets, getting frustrating glimpses of Salvadori’s Nightjar and Sumatran Frogmouth but much better looks at Barred Eagle Owl. As daylight arrived we slowly stalked the trails and racked up our first endemics like Shiny and Sumatran Whistling Thrush, colourful Sumatran Trogon, bulky Rusty-breasted Wren Babbler, and the Sumatran Wren Babbler with it’s amazing kiwi-like bill. The likely split of ‘Sumatran’ Blue Robin showed extremely well, Rufous-vented Niltava and Sunda Cuckoo was found but Schneider’s Pitta frustrated us with distant calling and we finished with another frustrating night-birding session, a reminder if we needed it of how tough birding this mountain is!

Hard work is usually repaid though and after more near-misses pre-dawn the next morning we hit the trail in earnest and scored with stunning views of Red-billed Partridge calling out on the path. Sumatran Green Pigeons frequented a fruiting tree but we were aiming to get high today so we pushed on. ‘Sumatran’ Shortwings gave point blank views along the way and after some persistence we all had stunning looks at an adult Sumatran Cochoa from all angles, brilliant! Flushed with success we pushed on for Pink-headed Fruit Dove, improved views of Rufous-vented Niltava and Orange-spotted Bubul. We then finished the long trudge down with prolonged torch views of a superbly hairy Sumatran Frogmouth.

The next morning it was raining but against our better judgement we ventured out for some silent night-birding but again we were unexpectedly rewarded when a Rajah Scops Owl popped up silently at dawn for thrilling views.
We started again up and down the now familiar trail, and persistence again heaped rewards when an immaculate male Schneider’s Pitta appeared on the trail for nearly a minute of uninterrupted views. For the rest of the day it was the few familiar birds that appeared, highlighted by close views of the vocally distinct Collared Owlets, but we kept on trying even as the chances of good sightings seemed slim amidst the groups of noisy hikers and in the evening we got our rewarded as a pair of Salvadori’s Pheasants stuck around for views as they crept off through the forest. At dusk we finished with Salvadori’s Nightjars hawking right overhead then perched in the torch, for a superb finish a day ahead of schedule!

Sumatran & Shiny Whistling Thrushes

Having seen all we expected we headed off early for a bonus day along the Tapan Road and what a relief it was to be walking on a surfaced road with no fallen trees to clamber over, and to be walking entirely downhill! During the morning we got to grips with many of the commoner endemics like Orange-spotted, Spot-necked and Cream-striped Bulbuls and Sumatran Treepie, plus other new trips birds such as Black-browed Barbet, Yellow-bellied Warbler, Sunda Cuckoo-shrike and Hill Prinia. In the afternoon we enjoyed our first Blue-masked Leafbirds and finished the day with a White-tailed Flycatcher in full song, bizarre Long-tailed Broadbill, Black-and-crimson Oriole, Sumatran Trogon and Wreathed Hornbill.

The next day we concentrated heavily on the increasingly rare Sumatran Leafbird, a species being driven to the brink by trapping for the cage-bird trade. Fortunately after a couple of hours we found a female that gave fantastic prolonged views. Also new were Sunda Forktail out on the road, a fine flock of Sumatran Green Pigeons, many
Blue-masked Leafbirds and Fulvous-chested Jungle Flycatcher, but only frustrating glimpses of Graceful Pitta. There was plenty more to see of course with Blue Nuthatch, many Black-browed and Fire-tufted Barbets, Green-billed Malkoha and others all frequent.

Sumatran Wren Babbler & Sunda Collared Owlet

The next morning started with a bang when we rounded a bend in the road to find a large, long-tailed feline lurking on the roadside. We quickly stopped and out came a stunning Sunda Clouded Leopard onto the road! It seemed unconcerned by our vehicle as it casually approached to within 10 meters before disappearing into a roadside gully leaving us open-mouthed in amazement! The birds would struggle to compete with this but we tried and soon clocked Sumatran Drongo that had eluded us until now and great looks at Long-tailed and Silver-breasted Broadbill. We then lurked in several gullies where a couple of us had a close view of Graceful Pitta sneaking by, and we all had fantastic close views of a raucous group of Marbled Wren Babbler. In the afternoon it became rainy but we stuck it out and were rewarded with amazing looks at a Graceful Pitta that eventually fed unconcerned in the open at close range, a great finish to the day that had started so amazingly.

So far the scarce Sumatran Bulbul had eluded us so we concentrated on that for our final morning and were eventually rewarded with good views of a singleton, while Brown-backed Needletail and Rufous-browed Flycatcher were both welcome additions. With the bulbul finally under the belt we headed down to lower altitudes and although not an ideal time of day we found a noisy group of White-crowned Hornbills, a plethora of bulbuls including the fancy-looking Scaly-breasted and Grey-bellied, yellow-vented and Crimson-breasted Flowerpeckers,
Blue-winged Leafbird and Red-billed Malkoha, Sadly we failed to find Ruby-throated Bulbul except caged individuals, a sad reminder of the impact that trapping of wild birds is having on their populations. We finished our birding on Sumatra with great views of a pair of Savanna Nightjars hawking just overhead at dusk. After a comfortable night in Padang we were off again the next morning flying a relatively small distance across this massive archipelago to the popular tourist island of Bali. We made good time into the mountains arriving in the pleasantly cool climes of Bedugul with time for some initial exploration, easily finding Indonesian Honeyeater, Javan Dark-eye, numerous Grey-cheeked Green Pigeons and Short-tailed Starlings, although several calling Javan Owlets frustrated us.

Our big target the next morning was the skulking Javan Bush Warbler, a species we expected to need to hike somewhat to see, so it was a great surprise to hear one just a few hundred meters into our walk and within a few minutes we were enjoying stunning views as it sang away unconcerned. A few more hours around the nearby Botanical Gardens gave us the recently split Rusty-breasted (from Golden) Whistler, Fulvous-chested Jungle Flycatcher and skulking Crescent-chested Babbler. After lunch we headed down to the north-west coast where our first target was the iconic Bali Myna which were easily seen in the vicinity of one of the release areas, an outstanding project which has seen the population of this critically endangered bird rise to 67 birds in-and-around Bali Barat this year, thanks to the reintroduction scheme that is finally starting to pay off after years of failed attempts. We then made our way into some dry coastal forests where several Green Junglefowl stalked through the roadside forest, some venturing out to treat us to ‘scope views, and after some searching at least 4 Black-winged Myna were enjoyed, a species also in critical decline. A Javan Banded Pitta called and came close but would have to wait another day as it slinked back unseen into the forest. We began the next morning at some coastal shrimp ponds where Javan Plovers were easily seen with Sunda Collared Dove, Pied Imperial Pigeon and Barred Buttonquail as bonuses. Another area of forest patches held several Javan Banded Pitta of which we caught sight of two including a male that sneaked in at very close range behind us. Then it was back again to Denpasar, and for some of us the start of a Lesser Sundas adventure.

The tour recorded a total of 296 species of which 26 were heard only. For further information on our tours to Sumatra, Bali, or other Indonesian destinations, please contact us via our e-mail or click here for our scheduled departure tours.

**Bird of the trip**

1 = Graceful Pitta  
2 = Rajah Scops Owl  
3 = Sumatran Cochoa  
4 = Marbled Wren Babbler  
5 = White-crowned Hornbill

Large-tailed Nightjar & Lesser Adjutant

Pygmy Cupwing & Mitrid Langur

Rufous-vented Niltava & Sumatran Green Pigeon
Bar-winged Flycatcher Shrike & Sunda Ashy Drongo

Green-billed Malkoha & Hill Prinia

Spot-necked & Cream-striped Bulbul
Systematic List

**ANSERIFORMES: Anatidae**
- White-winged Duck: *Asarcornis scutulata* (heard only)
- Sunda Teal: *Anas gibberifrons*

**GALLIFORMES: Phasianidae**
- Red-billed Partridge: *Arborophila rubrirostris*
- Red Junglefowl: *Gallus gallus*
- Green Junglefowl: *Gallus varius*
- Salvadori’s Pheasant: *Lophura inornata*
- Malayan Crested Fireback: *Lophura [ignita] rufa*
- Sumatran Peacock Pheasant: *Polyplectron chalcurum* (heard only)

**CICONIIFORMES: Ciconiidae**
- Storm’s Stork: *Ciconia stormi*
- Lesser Adjutant: *Leptoptilos javanicus*

**CICONIIFORMES: Ardeidae**
- Purple Heron: *Ardea purpurea*
- Eastern Great Egret: *Casmerodius modestus*
- Little Egret: *Egretta garzetta*
- Pacific Reef Heron: *Egretta sacra*
- Javan Pond Heron: *Ardeola speciosa*
- Eastern Cattle Egret: *Bubulcus coromandus*

**ACCIPITRIFORMES: Accipitridae**
- Oriental Honeybuzzard: *Pernis ptilorhynchus torquatus*
- Black-shouldered Kite: *Elanoides caeruleus*
- Brahminy Kite: *Haliastur indus*
- White-bellied Sea Eagle: *Ichthyophaga leucogaster*
- Grey-headed Fish Eagle: *Ichthyophaga ichthyaetus*
- Crested Serpent Eagle: *Spilornis cheela*
- Besra: *Tachyphonus virgatus*
- Black Eagle: *Ictinaetus malayensis*
- Changeable Hawk Eagle: *Nisaetus limneatus*
- Wallace’s Hawk Eagle: *Nisaetus nanus*

**GRUIFORMES: Rallidae**
- White-breasted Waterhen: *Amaurornis phoenicurus*

**CHARADRIIFORMES: Charadriidae**
- Kentish Plover: *Charadrius alexandrinus*
- Javan Plover: *Charadrius javanicus*

**CHARADRIIFORMES: Laridae**
- Little Tern: *Sternula albifrons*

**COLUMBIFORMES: Columbidae**
- Spotted Dove: *Streptopelia chinensis*
- Sunda Collared Dove: *Streptopelia bitorquata*
- Zebra Dove: *Geopelia striata*
- Barred Cuckoo Dove: *Macropygia unchall*
- Little Cuckoo Dove: *Macropygia ruficeps*
- Asian Emerald Dove: *Chalcophaps indica*
- Little Green Pigeon: *Treron olax*
- Pink-necked Green Pigeon: *Treron vernans*
- Cinnamon-headed Green Pigeon: *Treron fulvicollis*
- Grey-cheeked Green Pigeon: *Treron griseicauda*
- Sumatran Green Pigeon: *Treron oxyura*
- Pink-headed Fruit Dove: *Ptilinopus porphyreus*
- Black-backed Fruit Dove: *Ptilinopus cinctus* (heard only)
- Green Imperial Pigeon: *Ducula aenea*
- Mountain Imperial Pigeon: *Ducula badia*
- Pied Imperial Pigeon: *Ducula bicolor*

**CUCULIFORMES: Cuculidae**
Sunda Cuckoo  
*Cuculus lepidus*

Banded Bay Cuckoo  
*Cacomantis sonneratii*

Plaintive Cuckoo  
*Cacomantis merulinus*

Rusty-breasted Cuckoo  
*Cacomantis variolosus*

Violet Cuckoo  
*Chrysococcyx xanthorhynchus*

Asian Drongo Cuckoo  
*Surniculus lugubris brachyurus*

Green-billed Malkoha  
*Phaenicophaeus tristis*

Raffles’s Malkoha  
*Phaenicophaeus chlorophaeus*

Red-billed Malkoha  
*Phaenicophaeus javanicus*

Chestnut-breasted Malkoha  
*Phaenicophaeus curvirostris*

Greater Coucal  
*Centropus sinensis*

Lesser Coucal  
*Centropus bengalensis*

**STRIGIFORMES: Tytonidae**

Oriental Bay Owl  
*Phodilus badius badius*

**STRIGIFORMES: Strigidae**

Reddish Scops Owl  
*Otus rufescens*

Mountain Scops Owl  
*Otus [brooki] solokensis*

Rajah Scops Owl  
*Otus [bakkamoena] lempiji*

Barred Eagle Owl  
*Bubo sumatranus*

Javan Owllet  
*Glaucidium castanopterum*

Sunda’s Collared Owlet  
*Glaucidium [brodiei] peritum*

Brown Boobook  
*Ninox scutulata scutulata*

**CAPRIMULGIFORMES: Podargidae**

Large Frogmouth  
*Batrachostomus auritus*

Gould’s Frogmouth  
*Batrachostomus stellatus*

Sumatran Frogmouth  
*Batrachostomus poliolophus*

Sunda Frogmouth  
*Batrachostomus cornutus*

Javan Frogmouth  
*Batrachostomus javensis*

**CAPRIMULGIFORMES: Caprimulgidae**

Malaysian Eared Nightjar  
*Eurostopodus temminckii*

Large-tailed Nightjar  
*Caprimulgus macrurus*

Savanna Nightjar  
*Caprimulgus affinis*

Bonaparte’s Nightjar  
*Caprimulgus concretus*

Salvadori’s Nightjar  
*Caprimulgus pulchellus pulchellus*

**APODIFORMES: Hemiprocnidae**

Grey-rumped Treeswift  
*Hemiprocne longipennis*

Whiskered Treeswift  
*Hemiprocne comata*

**APODIFORMES: Apodidae**

Giant Swiftlet  
*Hydrochous gigas*

Cave Swiftlet  
*Collocalia linchi linchi*

Glossy Swiftlet  
*Collocalia [esculenta] cyanoptila*

Edible-nest Swiftlet  
*Aerodramus fuciphagus*

Silver-rumped Spinetail  
*Rhaphidura leucopygialis*

Brown-backed Needletail  
*Hirundapus giganteus*

Asian Palm Swift  
*Cypsiurus balasiensis*

House Swift  
*Apus [affinis] nipalensis*

**TROGONIFORMES: Trogonidae**

Red-naped Trogon  
*Harpactes kasumba*

Diard’s Trogon  
*Harpactes diardii*

Scarlet-rumped Trogon  
*Harpactes duvauceli*

Sumatran Trogon  
*Harpactes mackloti*

**CORACIIFORMES: Coraciidae**

Dollarbird  
*Eurystomus orientalis*

**CORACIIFORMES: Alcedinidae**

Blue-eared Kingfisher  
*Aldo meninting*

Rufous-backed Kingfisher  
*Ceyx rufidorsa*

Banded Kingfisher  
*Lacedo pulchella pulchella*

Ruddy Kingfisher  
*Halcyon coromanda minor*
White-throated Kingfisher  Halcyon smyrnensis
Collared Kingfisher  Todiramphus chloris laubmannianus
Rufous-collared Kingfisher  Actenoides concretus

CORACIIFORMES: Meropidae
Red-bearded Bee-eater  Nyctyornis amictus
Blue-tailed Bee-eater  Merops philippinus

CORACIIFORMES: Bucerotidae
Black Hornbill  Anthracoceros malayanus
Rhinoceros Hornbill  Buceros rhinoceros  heard only
Helmeted Hornbill  Rhinoplax vigil  heard only
Bushy-crested Hornbill  Anorrhinus galeritus
White-crowned Hornbill  Berenicornis comatus
Wreathed Hornbill  Rhyticeros undulatus

PICIFORMES: Capitonidae
Fire-tufted Barbet  Psilopogon pyrolophus
Gold-whiskered Barbet  Psilopogon chrysopogon  heard only
Red-crowned Barbet  Psilopogon rafflesii
Black-browed Barbet  Psilopogon oorti
Lineated Barbet  Psilopogon lineata  heard only
Coppersmith Barbet  Psilopogon haemacephala rosea
Brown Barbet  Calorhamphus fuliginosus

PICIFORMES: Picidae
Sunda Woodpecker  Dendrocopos moluccensis
Grey-capped Woodpecker  Dendrocopos canicapillus  heard only
Freckle-breasted Woodpecker  Dendrocopos [macei] analis
Rufous Woodpecker  Celeus brachyurus
Banded Woodpecker  Picus mineaceus
Lesser Yellownape  Picus chlorolophus vanheysti
Crimson-winged Woodpecker  Picus puniceus  heard only
Checker-throated Woodpecker  Picus mentalis humii
Maroon Woodpecker  Blythipicus rubiginosus
Buff-rumped Woodpecker  Meiglyptes tristis grammithorax
Grey-and-buff Woodpecker  Hemicircus concretus concretus
Hemicircus concretus sordidus

FALCONIFORMES: Falconidae
Black-thighed Falconet  Microhierax fringillarius
Peregrine Falcon  Falco peregrinus ernesti

PSITTACIFORMES: Psittacidae
Blue-rumped Parrot  Psittinus cyanurus
Blue-crowned Hanging Parrot  Loriculus galgulus

PASSERIFORMES: Eurylaimidae
Dusky Broadbill  Corydon sumatranus  heard only
Black-and-red Broadbill  Cymbirhynchus macrorhynchos  heard only
Banded Broadbill  Eurylaimus javanicus harterti  heard only
Black-and-yellow Broadbill  Eurylaimus ochromalus  heard only
Long-tailed Broadbill  Psarisomus dalhousiae
Silver-breasted Broadbill  Serilophus lunatus
Green Broadbill  Calyptomena viridis

PASSERIFORMES: Pittidae
Schneider’s Pitta  Pitta schneideri
Hooded Pitta  Pitta sordida mulleri
Graceful Pitta  Pitta venusta
Malayan Banded Pitta  Hydrornis irena
Javan Banded Pitta  Hydrornis guajana

PASSERIFORMES: Meliphagidae
Indonesian Honeyeater  Lichmera limbata

PASSERIFORMES: Acanthizidae
Golden-bellied Gerygone  Gerygone sulphurea
PASSERIFORMES: Tephrodornithidae
Rufous-winged Philentoma  
*Philentoma pyrhopterum*

PASSERIFORMES: Artamidae
White-breasted Woodswallow  
*Artamus leucorynchus*

PASSERIFORMES: Aegithinidae
Common Iora  
*Aegithina tiphia*
Green Iora  
*Aegithina viridissima*

PASSERIFORMES: Campephagidae
Javan Cuckooshrike  
*Coracina javensis*
Sunda Cuckooshrike  
*Coracina larvata melanoccephala*
Lesser Cicadabird  
*Lalage fimbriata*
White-shouldered Triller  
*Lalage sueurii*
Fiery Minivet  
*Pericrocotus igneus*
Sunda Minivet  
*Pericrocotus miniatius*
Scarlet Minivet  
*Pericrocotus speciosus xanthogaster*
Grey-chinned Minivet  
*Pericrocotus solaris*
Bar-winged Flycatcher Shrike  
*Hemipus picatus*

PASSERIFORMES: Pachycephalidae
Rusty-breasted Whistler  
*Pachycephala fulvotincta javana*

PASSERIFORMES: Laniidae
Long-tailed Shrike  
*Lanius schach bentet*

PASSERIFORMES: Vireonidea
Blyth's Shrike Babbler  
*Pteruthius aerulatus camerano*

PASSERIFORMES: Oriolidae
Dark-throated Oriole  
*Oriolus xanthonotus*  
heard only
Black-naped Oriole  
*Oriolus chinensis*
Black-and-crimson Oriole  
*Oriolus cruentus*

PASSERIFORMES: Dicruridae
Black Drongo  
*Dicrurus macrocercus*
Sunda [Ashy] Drongo  
*Dicrurus leucophaeus leucophaeus*
Lesser Racket-tailed Drongo  
*Dicrurus remifer*
Sumatran Drongo  
*Dicrurus sumatranus*
Greater Racket-tailed Drongo  
*Dicrurus paradiseus*

PASSERIFORMES: Rhipiduridae
White-throated Fantail  
*Rhipidura albicollis*
Malaysian Pied Fantail  
*Rhipidura javanica*

PASSERIFORMES: Monarchidae
Black-naped Monarch  
*Hypothymis azurea*
Asian Paradise Flycatcher  
*Terpsiphone paradisi affinis*

PASSERIFORMES: Corvidae
Sumatran Treepie  
*Dendrocitta occipitalis*
Slender-billed Crow  
*Corvus enca*  
heard only
Southern Jungle Crow  
*Corvus levaillantii*

PASSERIFORMES: Stenostiridae
Grey-headed Canary Flycatcher  
*Culicicapa ceylonensis*

PASSERIFORMES: Paridae
Cinereous Tit  
*Parus cinereus*

PASSERIFORMES: Pycnonotidae
Cream-striped Bulbul  
*Pycnonotus leucogrammicus*
Spot-necked Bulbul  
*Pycnonotus tympanistrigus*

PASSERIFORMES: Sittidae
Velvet-fronted Nuthatch  
Blue Nuthatch

PASSERIFORMES: Sturnidae
Asian Glossy Starling  
Short-tailed Starling  
Common Hill Myna  
Black-winged Myna  
Bali Myna

PASSERIFORMES: Muscicapidae
Snowy-browed Flycatcher  
Rufous-browed Flycatcher  
Little Pied Flycatcher  
Verditer Flycatcher  
Indigo Flycatcher  
Large Niltava  
Rufous-vented Niltava  
Grey-chested Jungle Flycatcher  
Fulvous-chested Jungle Flycatcher  
White-tailed Blue Flycatcher  
Malaysian Blue Flycatcher  
Oriental Magpie Robin  
Rufous-tailed Shama  
'Sumatran' Blue Robin  
Sunda Forktail  
Lesser Shortwing  
White-browed Shortwing

PASSERIFORMES: Chloropseidae
Lesser Green Leafbird  
Blue-winged Leafbird  
Sumatran Leafbird  
Blue-masked Leafbird

PASSERIFORMES: Dicaeidae
Crimson-breasted Flowerpecker  
Yellow-vented Flowerpecker  
Orange-bellied Flowerpecker  
Plain Flowerpecker  
Fire-breasted Flowerpecker  
Scarlet-backed Flowerpecker  
Scarlet-headed Flowerpecker

PASSERIFORMES: Nectariniidae
Ruby-cheeked Sunbird  
Plain Sunbird  
Brown-throated Sunbird  
Van Hasselt's Sunbird

Napothera albostriatus  
Turdinus sepiarius sepiarus  
Alcippe brunneicauda  
Heterophasia picaoides  
Ianthocincla mitratus  
Zosterops palpebrosus  
Zosterops atricapillus  
Zosterops montanus  
Zosterops flavus  
Lophozosterops javanicus  
Sitta frontalis  
Sitta azurea  
Zosterops palpebrosus  
Aplonis panayensis  
Aplonis minor  
Gracula religiosa  
Acridotheres melanopterus melanopterus  
Leucopsar rothschildi  
Ficedula hyperythra  
Ficedula solitariis  
Ficedula westermani  
Eumylas thalassina  
Eumylas indicus  
Niltava grandis  
Niltava sumatran  
Cyornis umbratillis  
Cyornis olivacea  
Cyornis concretus concretus  
Cyornis turcosus  
Copsychus saularis  
Copsychus pyrropyga  
Cinclidium diana sumatran  
Enicurus velatus  
Brachypteryx leucophrys  
Brachypteryx montana saturata  
Cochoa beccarii  
Saxicola caprata  
Myophonus melanurus  
Myophonus castaneus  
Myophonus caeruleus flavirostris  
Chloropsis cyanopogon  
Chloropsis cochinchinensis moluccensis  
Chloropsis media  
Chloropsis venusta  
Prionochilus percssus  
Dicaeum chrysonrhmeum  
Dicaeum trigonostigma  
Dicaeum concolor  
Dicaeum ignipolctus  
Dicaeum cruentatum  
Dicaeum trochileum  
Chalcoparia singalensis  
Anthreptes simplex  
Anthreptes malacensis  
Leptocoma brasilianna
Olive-backed Sunbird  
Crimson Sunbird  
Temminck’s Sunbird  
Purple-naped Spiderhunter  
Little Spiderhunter  
Yellow-eared Spiderhunter  
Grey-breasted Spiderhunter  

PASSERIFORMES: Passeridae
Eurasian Tree Sparrow  

PASSERIFORMES: Estrildidae
Javan Munia  
Scaly-breasted Munia  
White-headed Munia  

PASSERIFORMES: Motacillidae
Paddyfield Pipit  

MAMMALS
Pale Giant Squirrel  
Black Giant Squirrel  
Plantain Squirrel  
Black-striped Squirrel  
Prevost’s Squirrel  
Three-striped Ground Squirrel  
Low’s Squirrel  
Slender Squirrel  
Malayan Civet  
Leopard Cat  
Sunda Clouded Leopard  
Tiger  
Large Flying Fox  
Mitrid Langur  
Sunda Silvered Langur
